Music Man	Anch., 4637 Old Seward Hwy	561-7001

Instruments should be kept in good working order. This may mean a visit to the repair shop if necessary. Like a car, even with careful use, it will require occasional service by a shop. Take good care of it, and it will serve you for many years to come. Please put your name on your case and other belongings. Many people have cases that look the same.
