ASD MEMORANDUM #34 (2004-2005)

September 13, 2004

TO: SCHOOL BOARD

FROM: OFFICE OF THE SUPERINTENDENT

SUBJECT: FIRST WEEK OF SCHOOL ENROLLMENT UPDATE

PERTINENT FACTS:

The total membership on the fourth day of school, September 10, 2004, was 48,969. This enrollment represents 98.9 percent of the 49,499 projected membership for the official membership date of September 30. Kindergarten enrollment figures are based on the number of activations to date, since Kindergarten students did not start classes until today, September 13, 2004.

Compared to the fourth day of school last year, membership is down by 55 students. Elementary schools are down by 465 students; middle schools are down by 173 students; senior high schools are up by 394 students; other secondary schools are up by 31 students; and special services are up by 85 students. Attachment A provides membership detail by school.

Last year, registration procedures were modified to limit activations to those students or parents that actually showed up at registration. Those procedures were in place again this year, which should allow for legitimate comparisons between this year and last year's enrollment. However, this year we are reporting non-special ed preschool students for the first time which does affect the comparison of the two years.

Membership has continually increased since the first day of school. Between the first and fourth day of school membership has increased by (1.55%). Based on prior years' experience, membership should increase by approximately 1.0 percent to reach our projected membership levels.

Table I compares the fourth day enrollment by category for this school year to the fourth day figures from last year.
