I. TREASURER'S REPORT

The Anchorage School District Treasurer's Report includes a summary of the total demand deposits and investments, which are on hand November 30, 2004, and a summary of the investment transactions completed November 1 through November 30, 2004.

The demand deposits in the General Fund as of November 30, 2004 were \$(646,739). The District's banking services contract includes the investment of the bank float that provides additional interest revenue to the District. The total amount of investments on hand at November 30, 2004 was \$197,822,938 and the combined total of these liquid assets consisting of the demand deposits and investments were \$197,176,199. A schedule of investments is presented on pages 2 and 3.

The District transacted 81 investments during the month of November. The specific investments purchased are presented commencing with page 4 of the Treasurer's Report. The anticipated earnings for these new investments are \$117,963.67, which will be recorded in the General, Capital Projects, Internal Service, and Debt Service Funds. The interest earnings on investments made by

the District are recorded upon receipt of the actual interest earnings on the various dates of maturity. The interest earnings on investments made by the Municipality of Anchorage on behalf of the District are accrued on a monthly basis.

In summary, the District's investment performance for fiscal year 2004-2005 year-to-date is shown by the following three-portfolio yield calculations:

- 1) The annualized End-of-Month Portfolio Yield, noted on page 3, represents the weighted average yield on investments outstanding with the District on November 30, 2004. The Annualized End-of-Month Portfolio Yield was 2.14 percent.
- 2) The Weighted Average Interest Rate for investments purchased during November was 2.21 percent and is noted on page 5.
- 3) The Year-to-Date Cumulative Yield, noted on page 6, represents the weighted average yield of all investments purchased by the District since July 1, 2004. On November 30, the Year-to-Date Cumulative Yield was 2.15 percent.

II. FINANCIAL RECAP

The Financial Recap is a summary of revenues, expenditures and encumbrances for the current fiscal year through November 30, 2004. The funds presented are the General Fund; Debt Service Fund; Food Service and Local/State/Federal Projects Special Revenue Funds; and Capital Projects Fund. The expenditures are on generally accepted accounting principles (GAAP) basis. This means the amount in expenditures include payments on encumbrances from the prior year. For example, the working budget on expenditures includes the current year's revised budget plus the encumbrances from prior year of approximately \$10.434 million. Year-to-Date (YTD) expenditures, therefore, reflect expenditures from the current fiscal year and expenditures from prior year encumbrances that were carried forward. The appropriations from the prior years for these encumbrances were also carried forward.

The General Fund revised budget for fiscal year 2004-2005 totals \$398.712 million including approximately \$21.833 million increase approved by the School Board (ASD Memorandum #326) and the Anchorage Assembly (AR No. 2004-143) on May 24, 2004 and June 22, 2004, respectively. This budget increase was allowed by the passage of House Bill 233, which provided for an increase in the Alaska Public School Funding Program. This \$398.712 million is compared to the

revised budget of \$368.017 million for the prior year. The cumulative actual GAAP expenditures and encumbrances for the five-month period ended November 30, 2004 were \$127.853 million or 31.2 percent of the \$409.146 million working budget (revised budget plus encumbrance budget).

Summary and detailed budget reports are available for each school, department, and other budgetary unit on IFAS on-line with current up-to-date data. This information is available to assist in daily operations.
