**SUGGESTED METHODS OF INSTALLATION**

**Ceiling Mount Without Hangers**  
Screen case is placed flush with the wall and ceiling and held in position by moulding securely attached to the wall.

**Recessed Above Ceiling**  
Other methods of installation will suggest themselves in new buildings where it would be an easy matter to provide a recess for the screen to conceal it when not in use. Do not seal in – allow access.

**Wall Or Ceiling Mount With Hangers**  
Wall type hangers and ceiling type hangers are standard equipment. One set is supplied with each screen. Useful for recessed installations.
